TREKKING INTO THE FUTURE

VETERANS BUSINESS OWNERS INITIATIVE

UNITED WE STAND

## OUR MISSION

The Veteran Business Owners Association recognizes the abilities of veterans and believes that the qualities that make a good soldier also make a good entrepreneur. The VBOA is a group of organization implementing programs that assist veterans to develop and manage their own successful businesses. We provide tools and support to leverage the skills and interests of veterans as they become business owners in their communities.

The VBOI has 14 years of success since it was founded, 100 + current VBOI members, 250+ businesses started and 500 is the goal of the VBOI.

With your help and support we will be able to raise \$10,000 for this great organization in 2021-2022.
