

Trekking a Successful Future

Your mission for 2021 – 2022, is to prepare by training for your next “Space Adventure”.

Where do you go for training?

At the space center, located at the Manchester VA Center. The program is free, and their mission is to help you, each step of the way, to build added skills in Space Training.

Following your Space Training, you will be ready for blast off into the future, so start your engines today and let the “Veteran Business Owners Initiative” lead the way.

All Systems “GO”. Let the countdown begin.
